24 September 2003

Dear Colleagues

Your Cambridge ESOL centre for St. Gallen and Thurgau have two free seminars coming up! Saturday, 25 October 2003 for BEC Preliminary, Vantage and Higher and Wednesday, 26 November 2003 KET/PET update for 2004. Please see the enclosed for more details.

For your information the CAE is being offered for the March session as of 2004 and will be on 13.3.04. There have been some changes to our Exam Timetable for 2004 and more venues have been listed on the website, which is constantly updated.

With regard to BEC, session 4 (July) and session 5 (November) are to be cancelled for 2005 according to Cambridge ESOL.

We have a direct link to the Cambridge ESOL Newsletter which can be located by looking under 'News/Events' on our website. It has been decided that a newsletter from us is not necessary as we keep everyone informed via mailings and the website.

We now have all the leaflets for the exams in German and English, handbooks, brochures and recognition lists of companies and universities in Great Britain and the USA, which we can pass on to you free of charge. We hope that you will find these useful for your customers. Our Teacher Resource Centre in Engelburg has the latest books, CDs and videos from Cambridge ESOL recognized publishers. Interested? Contact us and come by!

Wishing you all a good autumn break.

With kind regards

Karen
