Cost: Sfr 20.00 for ETAS members, Sfr. 35.00 for non-ETAS members

Throughout Europe, Cutting Edge and its unique Task Based Learning approach is one of the most popular and successful ESL course books and we are pleased to offer a workshop with the author Peter Moor who has been teaching English since 1982. He worked in Spain for several years as a teacher and teacher trainer and was a Director of Studies at International House, Madrid. Since the late 1980s he has been based at International House, London, and he has also taught and trained teachers in Portugal, Argentina, Hungary, Poland and Switzerland.

Task Based Learning offers an alternative for language teachers. In a task-based lesson the teacher doesn't pre-determine what language will be studied, the lesson is based around the completion of a central task and the language studied is determined by what happens as the students complete it.

Should you wish to attend this workshop, please register directly online at: [mailto:st.gallen@etas.ch?subject=peter moor](mailto:st.gallen@etas.ch?subject=peter%20moor). Registration deadline is **March 15, 2007**. Each participant will also receive a free copy of the Cutting Edge Intermediate Student's Book and Workbook. We look forward to seeing you there.

Warm regards,

Mary Patricia Rowland
